Mr. and Mrs. John Wood have returned to Fredericktown, after visiting relatives here.

Dr. Hawkins, representing Washington University, of St. Louis, was in town Tuesday.

Mrs. Hopkins and children of Arkansas are visiting Mrs. Hopkins' mother, Mrs. Murphy.

E. E. Swink and family have routed the enemy—the flu—and are reported to be on the road to recovery.

Fresh Fish and Oysters the last of each week at Bethel's Cash Meat Market.

Myers Mayberry and Opal Evans left Wednesday for Liberty, Mo., to attend William Jewell College.

Miss Buntie Smith returned to St. Louis the first of the week, after visiting relatives here.

Dr. J. L. Eaton, Superintendent of Hospital No. 4, was in Jefferson City the first of the week on official business.

Ells Huff, who has been with a bunch of Marines at Radio, Va., returned home this week with his honorable discharge.

The New Year dawned with a touch of real winter. The thermometer dropped below the freezing point, and there was a crust of sleet.

H. E. Brown, of Blackwell, a member of the firm of L. E. Cole & Co., was in Farmington Tuesday paying taxes. He made The Times office an appreciated call.

I. O. Long, who has recently moved from Senterville, Iowa, to the Higgins place on the Flat River-Bismarck road, was a caller at the Times office yesterday afternoon.

Miss Jessamine Haile will leave Monday to resume her studies at the State University at Columbia, after an extended stay at home caused by the flu epidemic and ban.

FOR SALE—A number of young red pigs, one-quarter Poland. J. B. Rickard, Route 1, 4 1/2 miles from Farmington, on St. Mary's road. 52-3.

How about your stationery for 1919? Better give us your order, which will avoid the common error at the beginning of the year of failure to change the date line.

Judge and Mrs. G. O. Nations left Christmas day for visits at Aurora and Springfield, Mo. Mrs. Nations came home Sunday and the Judge returned to his post at Washington.

Zack Spence, who for some time past has been collecting for the Quick Life Insurance Co. of Bonne Terre, went to St. Louis Monday to accept a position with an old line insurance company in that city.

We note among the list of those severely wounded the name of Jake Dean Humphrey of Irondale. He has many friends in Farmington and the Lead Belt who are sorry to hear of his injury but hope that he may soon recover.

Lloyd Ferguson and two sisters are in Colorado Springs, Colo., for a few of the winter months. They are among this county's best and most highly respected citizens, and many friends wish them a most enjoyable visit in that splendid resort.

Anyone ordering butter, eggs, poultry, produce, etc., through my shop, can have same delivered to them promptly with a meat order, without additional charge. Bethel's Cash Meat Market.

The New Year was observed in this city by a general closing of business houses. The public schools, however, did not enjoy the holiday, as it is the hope of all that they may continue uninterrupted to the close of the present school year, and when the days lengthen so as to permit, that an extra hour of work may be utilized in order to make up for the time that was lost on account of the influenza ban.

W. A. Matkin, G. J. Goeltz and Jim Polk went out turkey hunting Tuesday afternoon. Instead of finding any turkeys the dogs jumped a fox and a lively chase ensued. The fox crossed the railroad track and headed for Buford Mountain. Oscar Kelly was out turkey hunting at the time and the fox passed close enough for him to wound him. After a chase of an hour and a half the dogs caught Mr. Fox. —Bismarck Gazette.

LOST—Between Flat River and Weingarten, on Monday evening, Dec. 23rd, a new Tynon auto casing, size 30x3 1/2 inches, on rim. Finder will be well rewarded on returning same to this office, or to Oscar V. Donge, Weingarten, Mo.

The influenza ban at State Hospital No. 4 was raised as the old year passed out. For about three months strict quarantine measures had been enforced and observed at that institution, with the result that notwithstanding the fact that influenza raged throughout this section and State, the scourge was not permitted to enter within the portals of Hospital No. 4. Again is the management of that institution to be complimented on its proven efficiency.

If you are trying to conserve or produce—or both—you should not forget to give your chickens plenty of Fresh Ground Bone, as it is not only most healthful, but is also one of the best egg producers there is, and egg production, with the prices ranging from 60c a dozen and upward, is certainly worth your while. Fresh Ground Bone is cheap—only 5c the pound at Bethel's Cash Meat Market.

Lieut. John McLarny, who has been in the medical department of Uncle Sam's service for the past several months, stationed at Georgia, arrived here Monday evening for a visit with his mother, Mrs. J. H. Orten. He is a former Farmington boy, and his many friends here were pleased to see him. He with his honorable discharge from the army service, left yesterday for his present home in Brookfield, where he has established a splendid medical practice.

The attention of The Times management has been called to "A Page of Thanks" from the Russell-Whitener Implement Company, of Sikeston, in the Herald of that place. The page is well filled with comparisons of business of that firm for the past two years, showing a wonderful increase in the amount of farm machinery sold last year. John G. Russell, a member of this firm, was formerly a business man of this city, where he is still remembered by friends as an enterprising and energetic citizen. His many good friends here will be pleased to learn of his prosperity in his present home.

Choice meats of all kinds—cuts that will tempt the appetite—can always be secured at Bethel's Cash Meat Market. When you desire a roast, steak, boiling piece, or any especially nice piece of meat, you should not fail to phone 239, and it will be promptly delivered.

J. P. Cayce, E. A. Rozier and B. H. Marbury attended U. S. District Court in St. Louis Monday, looking after the interest of clients in the litigation now starting to compel several of the large mining corporations to pay their taxes in this county, which they have failed and refused to do.

A family reunion was held at the home of Mr. and Mrs. H. A. Coffield here last Sunday. A sumptuous dinner was served and the family gathering was greatly enjoyed. Those present were: Mr. and Mrs. Geo. Morris and family, and Mr. and Mrs. Sam Ford and family of Desloge, Mr. and Mrs. W. M. Patterson and sons of near The River, Mr. and Mrs. Fred Murrell and sons, Glenwood, of Farmington, Mrs. Edna Seibert and "Aunt" Belle Ashburn.

There seems to be no end to the troubles of the three airplanes which passed over Bismarck last Sunday and alighted at Ironton. After resting and replenishing their gasoline tanks they started on their journey southward. One of the engines had some trouble and finally the plane made a wreck of itself. Fortunately no one was hurt. In course of time the inspectors came, made investigations, and shipped the injured plane to the factory. On Wednesday he told the pilots of the other planes to proceed on their journey. On attempting to rise one of the planes sailed into a treetop. Of course there was another disabled plane. But again good fortune attended the aviators. They caught onto the limbs of the tree and climbed down unhurt. —Bismarck Gazette.

Mr. and Mrs. V. A. O'Bannon and family and Mr. O'Bannon's sister, Mrs. Eskridge, of Iron county, were here Saturday and Sunday. Their reason for remaining over was for two or three members of the family to have dental work performed. They live in, or near, Enough, in the western end of Iron county. As we understand it, Enough is hardly large enough to take in another moderate-sized family. Just why Enough was given such a handicap in a name we have been unable to discover. Perhaps it was a case of "me and my wife, my son John and his wife, us four, and no more." Anyway, the town evidently has not "taken on much flesh" since it was named, as our information is that there is a saw-mill, a store, a blacksmith shop, and perhaps a score of people in that neighborhood. But there is in that community just what Mr. O'Bannon most needs in his business—plenty of good timber—he being successfully engaged in the saw-mill and stove business. But if there are many citizens in that community like Mr. O'Bannon and his splendid family, we know it is a good place to live.

Miss Helen Chamberlain, who is now working in St. Louis, called during the holiday week. She likes her work very well and is arming her friends to take work with us.

John Waring, who is with the Marines at Quantico, Va., called during the holidays. John is orderly for the Commanding Officer of this camp, and is looking fine.

Lloyd Horton, who has been in the Civil Service in Washington the past six months and spent part of his vacation here and at Doe Run. Lloyd has had three promotions and is in line for another soon. He reports his brother, Ed, as doing very well at Heruleanum, where his father and mother now live.

Harry Miller has been transferred to Desloge as temporary manager of the Lead Belt Motor Co. this week.

Miss Roxie Overall, who has been teaching this winter in Independence, Kansas, is home for a vacation. The business college at Independence is closed indefinitely on account of the epidemic. Miss Overall is an old student of this institution and expressed her surprise and gratification at our large attendance.

Miss Velma Chandler brought her brother, Gilbert Chandler, to visit us last week. It was a pleasure to meet Lieutenant Chandler, although his visit was very brief, because of the limited time at his disposal.

DEARDORF—CRAIG

The marriage of Mr. Clyde E. Deardorf, of Kansas City, Mo., and Miss Anna Craig, of this city, took place in the Baptist church on December 28th, at 2 p. m. The church was decorated in cedar and the altar was of white satin, covered with pink roses.

Miss Virginia Castleman at the piano, accompanied by Thomas Miles on the violin, played Lohengrin's Wedding March while guests assembled; Mrs. Nelson sang "Because." The attendants were: Misses Jessamine Haile, Willette Haile, Rheba Haile and Pauline Byington, while little Miss Helen Spaying was ring bearer.

Mr. Oscar Haile, uncle of the bride, gave her away. The double ring ceremony was impressively used by Rev. O. H. L. Cunningham, while Miss Castleman played Mendelssohn's Wedding March.

After the ceremony a reception was given to a few friends at the home of Mr. and Mrs. Oscar Haile, where many congratulations and best wishes were extended, before the happy couple departed for Kansas City. From there they will go to Georgia, where Mr. Deardorf has a splendid government position.

Notice of Annual Meeting of Farmers' Mutual Fire Insurance Co.

The annual meeting of the Farmers' Mutual Fire Insurance Company of St. Francois County will be held in the Court House in Farmington, Mo., on Friday, Jan. 10, 1919, at 10 o'clock a. m. for the purpose of electing three directors for three years each. And to consider a proposal to amend the By-Laws as follows: By adding a new Section to be known as Section 14, providing that "in the insurance of live stock the valuation of all cattle, hogs and sheep insured by any member be assessed or appraised at its reasonable market value for edible purposes, whether said stock be registered, grade or otherwise." Also to add another Section to be known as Section 15, providing for "a Board of Directors, one to be elected from each of the eight townships of the county." And to transact any other business that may properly come before the meeting.

PETER MELL, President.
C. J. WESTMEYER, Secretary.

DEATH OF A YOUTH

The death of J. Paul Myer, the 16-year-old son of Mrs. George Myer, occurred at his home in this city Monday morning. Pneumonia was the cause of death. The funeral services were conducted by Father O'Bryan, of this city, and interment was in Parkview cemetery, largely attended by sorrowing relatives and friends.

The death of this young man brings an irreparable loss to his doubly bereaved mother, whose husband was buried only six weeks before. J. Paul was a boy of unusual promise, being industrious, intelligent and courteous. Besides his mother, there are five young sisters and brothers bowed down by his untimely departure from this life.

ARE YOU HELPING
THE GOVERNMENT
TO CONSERVE COAL?

Our Government has a tremendous task before it in supplying food and fuel across the seas.

Our ships, our railroads, our manufacturing plants must all have coal to finish the task we have begun. Coal production in France cannot be returned to normal for two years, because of Germany's wanton method of destruction.

Fuel is the fundamental basis of all activities. The problem of fuel conservation is not local, nor even national; it is a world problem. We must not make the mistake of assuming that there is coal in great abundance merely because our own bin or even locality is well supplied.

There must be more coal produced here to supply the world demand. For several weeks the miners' ranks, already depleted by the draft, have been further crippled by influenza. Missouri is expected to save 900,000 tons of coal this year, and this can only be accomplished by conservation in every household and every industry.

WALLACE CROSSLEY,
Federal Fuel Administrator for Missouri.

HOW TO SAVE FUEL—In the Kitchen Range.

1. Avoid too much chafing. Take coals to the spot-light when needed. Clean ash-pit daily to prevent damage to grates.

2. Clean the entire stove well inside, on the top of the oven and below the oven, frequently and thoroughly.

3. Stoke frequently and in small amounts.

4. Never shake a low fire until the fresh fuel has been given time to ignite.

5. Keep a pan or kettle of water always on the kitchen stove. Moist air makes for comfort, health, beauty and economy.

6. Read the rules applying to all household coal burners.

FUEL ECONOMY AT HOME WILL
WARM A SHIVERING BOY IN FRANCE.

Advantage of Moist Air in Rooms.

As humidity of the atmosphere controls the distribution of the sun's warmth upon the earth, so does moisture in the air of the home have a controlling influence upon its comfort. If the air in a room is dry, the heat from the stove, register or radiator strikes through the dry air readily, and, without being absorbed, rises quickly to the ceiling; while if the air is moist the heat is absorbed and the general temperature of the atmosphere of the room is perceptibly raised.

Clouds have a cooling effect on a hot day because they are masses of moisture, absorbing heat from the sun's rays before they reach the earth.

While a damp climate is enervating in hot weather and biting in cold weather, nevertheless, a moderately moist atmosphere in the temperate warmth of the living rooms adds to comfort and works for economy and health. The air of heated rooms is nearly always too dry.

In dry air the evaporation from the skin, throat and lungs is increased; illustration of this is the fact that woodwork and furniture usually swell when exposed to the natural summer atmosphere, while they shrink and crack in heated rooms in winter.

It is advisable to keep a bowl or open jar or two of fresh water in each heated room, giving the air a chance to absorb moisture from them rather than from your body and the furniture.

THE PRACTICAL PROBLEM OF COAL USERS TODAY IS TO MAKE EIGHT OR NINE TONS OF COAL TAKE THE PLACE OF TEN.

Dr. Emerson Haven, Commissioner of Health of New York, is another distinguished physician who advocates a reasonable temperature in American households. He says:

"A temperature of 68 degrees supplies ample heat for all healthy persons. There is no question that our houses and offices are kept too warm. An undoubted improvement in the public health will take place if the American people can be persuaded to keep their houses cool enough."

Our Thanks
Go Out

To the good people of Farmington and community for the liberal patronage they have bestowed upon us during the past, and we feel that the service we have rendered is full and complete compensation for such generous patronage.

Our best wishes are extended to all that they may enjoy a full measure of life's blessings during 1919, and we hereby resolve to do all in our power to add to their enjoyment by furnishing them with everything of the best in bread, cakes, pastries, etc.

KNOPF'S BAKERY

JULIA ANN BRADLEY

The death of this splendid woman occurred at her home in Desloge last Friday night, after a lingering illness. The funeral occurred Sunday and was attended by many sorrowing relatives and friends. She was greatly beloved in the community where she had spent many years of her life, as well as by all who knew her.

The following obituary has been received:

Julia Ann Bradley (nee Poston) was born near Farmington, Mo., March 12, 1859, and died at her home in Desloge, Mo., Dec. 27, 1918, aged 59 years, 9 months and 15 days. She was united in marriage to John L. Bradley September 4, 1877, and to this union were born eleven children, six of whom have preceded their mother to the better land. Five children are left to follow: Myrtle, Mabel, Fielding, and Mrs. H. L. Green of Desloge, and Bryan who is in the U. S. Navy. She also leaves one grandchild, Myrtland Green, of Desloge, a mother, Mrs. Nancy Casey, of Fredericktown, two sisters, four brothers, W. G. Poston of Bonne Terre, T. S. Poston of Poplar Bluff, W. T. Poston of St. Louis and Geo. W. Poston of Fredericktown. The funeral services were held at the Methodist church Sunday afternoon, Dec. 29, at 1:30 by Rev. D. R. Davis, the pastor, assisted by Rev. T. M. Jackson and S. H. Hardy. The remains were laid to rest in the I. O. O. F. cemetery at St. Francois.

At the age of 14 years she professed faith in Christ as her Savior and united with the Methodist church and remained a true and devout member until called away by her Maker. She was not merely a member of the church in form but was one of those kind of members that the church needs and one that helped to make the church's work effective and successful. Not only was she an active member of the church but in the Woman's Missionary Society and the W. C. T. U. her work and efforts will stand throughout eternity as a living monument to those who are to follow in this good work.

As a mother, wife and homemaker, she will be greatly missed. A more devoted wife, loving mother or industrious homemaker has yet to live. Through clouds and sunshine she had labored to make the home happy and pleasant for the one she chose as a life companion and for the children given to them. The day was never too stormy nor the hour too late for her to administer to the needs and wants of her cherished family.

That she was a good neighbor and kind friend was shown by the multitude that gathered about the home to lend comfort and aid during her hours of suffering and by the gathering that followed her to her last resting place. Nothing pleased her more than to speak words of kindness to those with whom she came in contact and to encourage the oppressed and downtrodden. Her life was full of sunshine and she never appeared downcast. Her friends and neighbors were always greeted with a smile and she enjoyed a joke with them.

Happily it was not her lot to endure prolonged suffering, for about two weeks' illness ended the career of this good woman. Everything possible was done by the physicians who at-

tended her to prolong life and restore health, but in vain. The impressive smile on her face while she lay cold and asleep in the casket, bore witness to the fact that she did not dread death and was glad to meet her God face to face in perfect peace to live and dwell throughout all eternity in the heavenly mansion prepared for her. A FRIEND.

Deceased was the wife of Senator John L. Bradley, who for many years has been prominent not only in St. Francois county politics, but in State politics as well. He is at present Deputy State Labor Commissioner, and formerly represented this county in the Lower House. He has the sympathy of many friends in his great affliction.
